Chicago, IL || (313) 655-6802 || [kyliemhess@gmail.com](mailto:kyliemhess@gmail.com)  
[linkedin.com/in/kylie-hess](https://www.linkedin.com/in/kylie-hess) || [github.com/hesskylie](https://github.com/hesskylie)

## SKILLS

JavaScript, Node.js, Express, Sequelize, PostgreSQL, Git, React, Redux, HTML, CSS, Webpack, Mocha, Chai, Jasmine, SQL, Heroku, Travis CI, Passport

## PROJECTS

**The LAL Store | Developer | March 2020 | GITHUB:** [github.com/Literally-Alliterative-Literature/the-LAL-store](https://github.com/Literally-Alliterative-Literature/the-LAL-store)

*A fully functional e-commerce site selling books.*

URL: <http://the-lal-store.herokuapp.com/>

- Created admin features and user experiences, and found creative solutions to problems such as compiling average ratings for a book and displaying the ratings as stars.
- Technology used: React, Redux, Express, Sequelize, Node.js, Bulma, Faker

**Is It Cancelled? | Sole Developer | March 2020 | GITHUB:** [github.com/hesskylie/IsItCancelled](https://github.com/hesskylie/IsItCancelled)

*A comprehensive resource listing events affected by the pandemic. Users can follow events and receive notifications when the status changes.*

- Created relationships between users and events, sorted the events, and provided more information
- Technology used: React, Redux, Express, Sequelize, Node.js, Bulma

**Opus | Developer | April 2020 | GITHUB:** [github.com/2001-northstar/Capstone](https://github.com/2001-northstar/Capstone) | <http://www.opuslesson.com/>

*An educational virtual piano keyboard. Users can free play on a virtual piano, play a preset song with animation guides (similar to Guitar Hero), or go on guided lessons for beginners complete with exercises to test their skills.*

- Created lessons and exercises, modified React Piano foreign library to suit our needs, tracked user progress
- Technology used: React, Redux, Express, Sequelize, React Piano, GreenSock, Node.js, Bootstrap

## EDUCATION

**The Grace Hopper Program at Fullstack Academy, Chicago, IL - APRIL 2020**

*Full Stack Software Development Bootcamp*

**Michigan State University, East Lansing, MI - DECEMBER 2011**
